Spot Light

One-light low voltage spot light with sealed clear glass lens and a Black finish. The powder coat finish over the die-cast aluminum resists chipping, fading and the effects of salt air. Positive adjustment locking screws for aiming. External fins permit cooler operation of lamp. Mounting stake included. Units must be wired to a 12V transformer with proper capacity.

- Black powder coat finish.
- Sealed clear glass lens.
- Locking screw for adjustment.
- Units must be wired to a 12V transformer with proper capacity.
